

高性能ヒートシンク

High Performance Heat Sink

優れた冷却効果で省エネへ貢献

Contribute to energy saving with excellent cooling effect

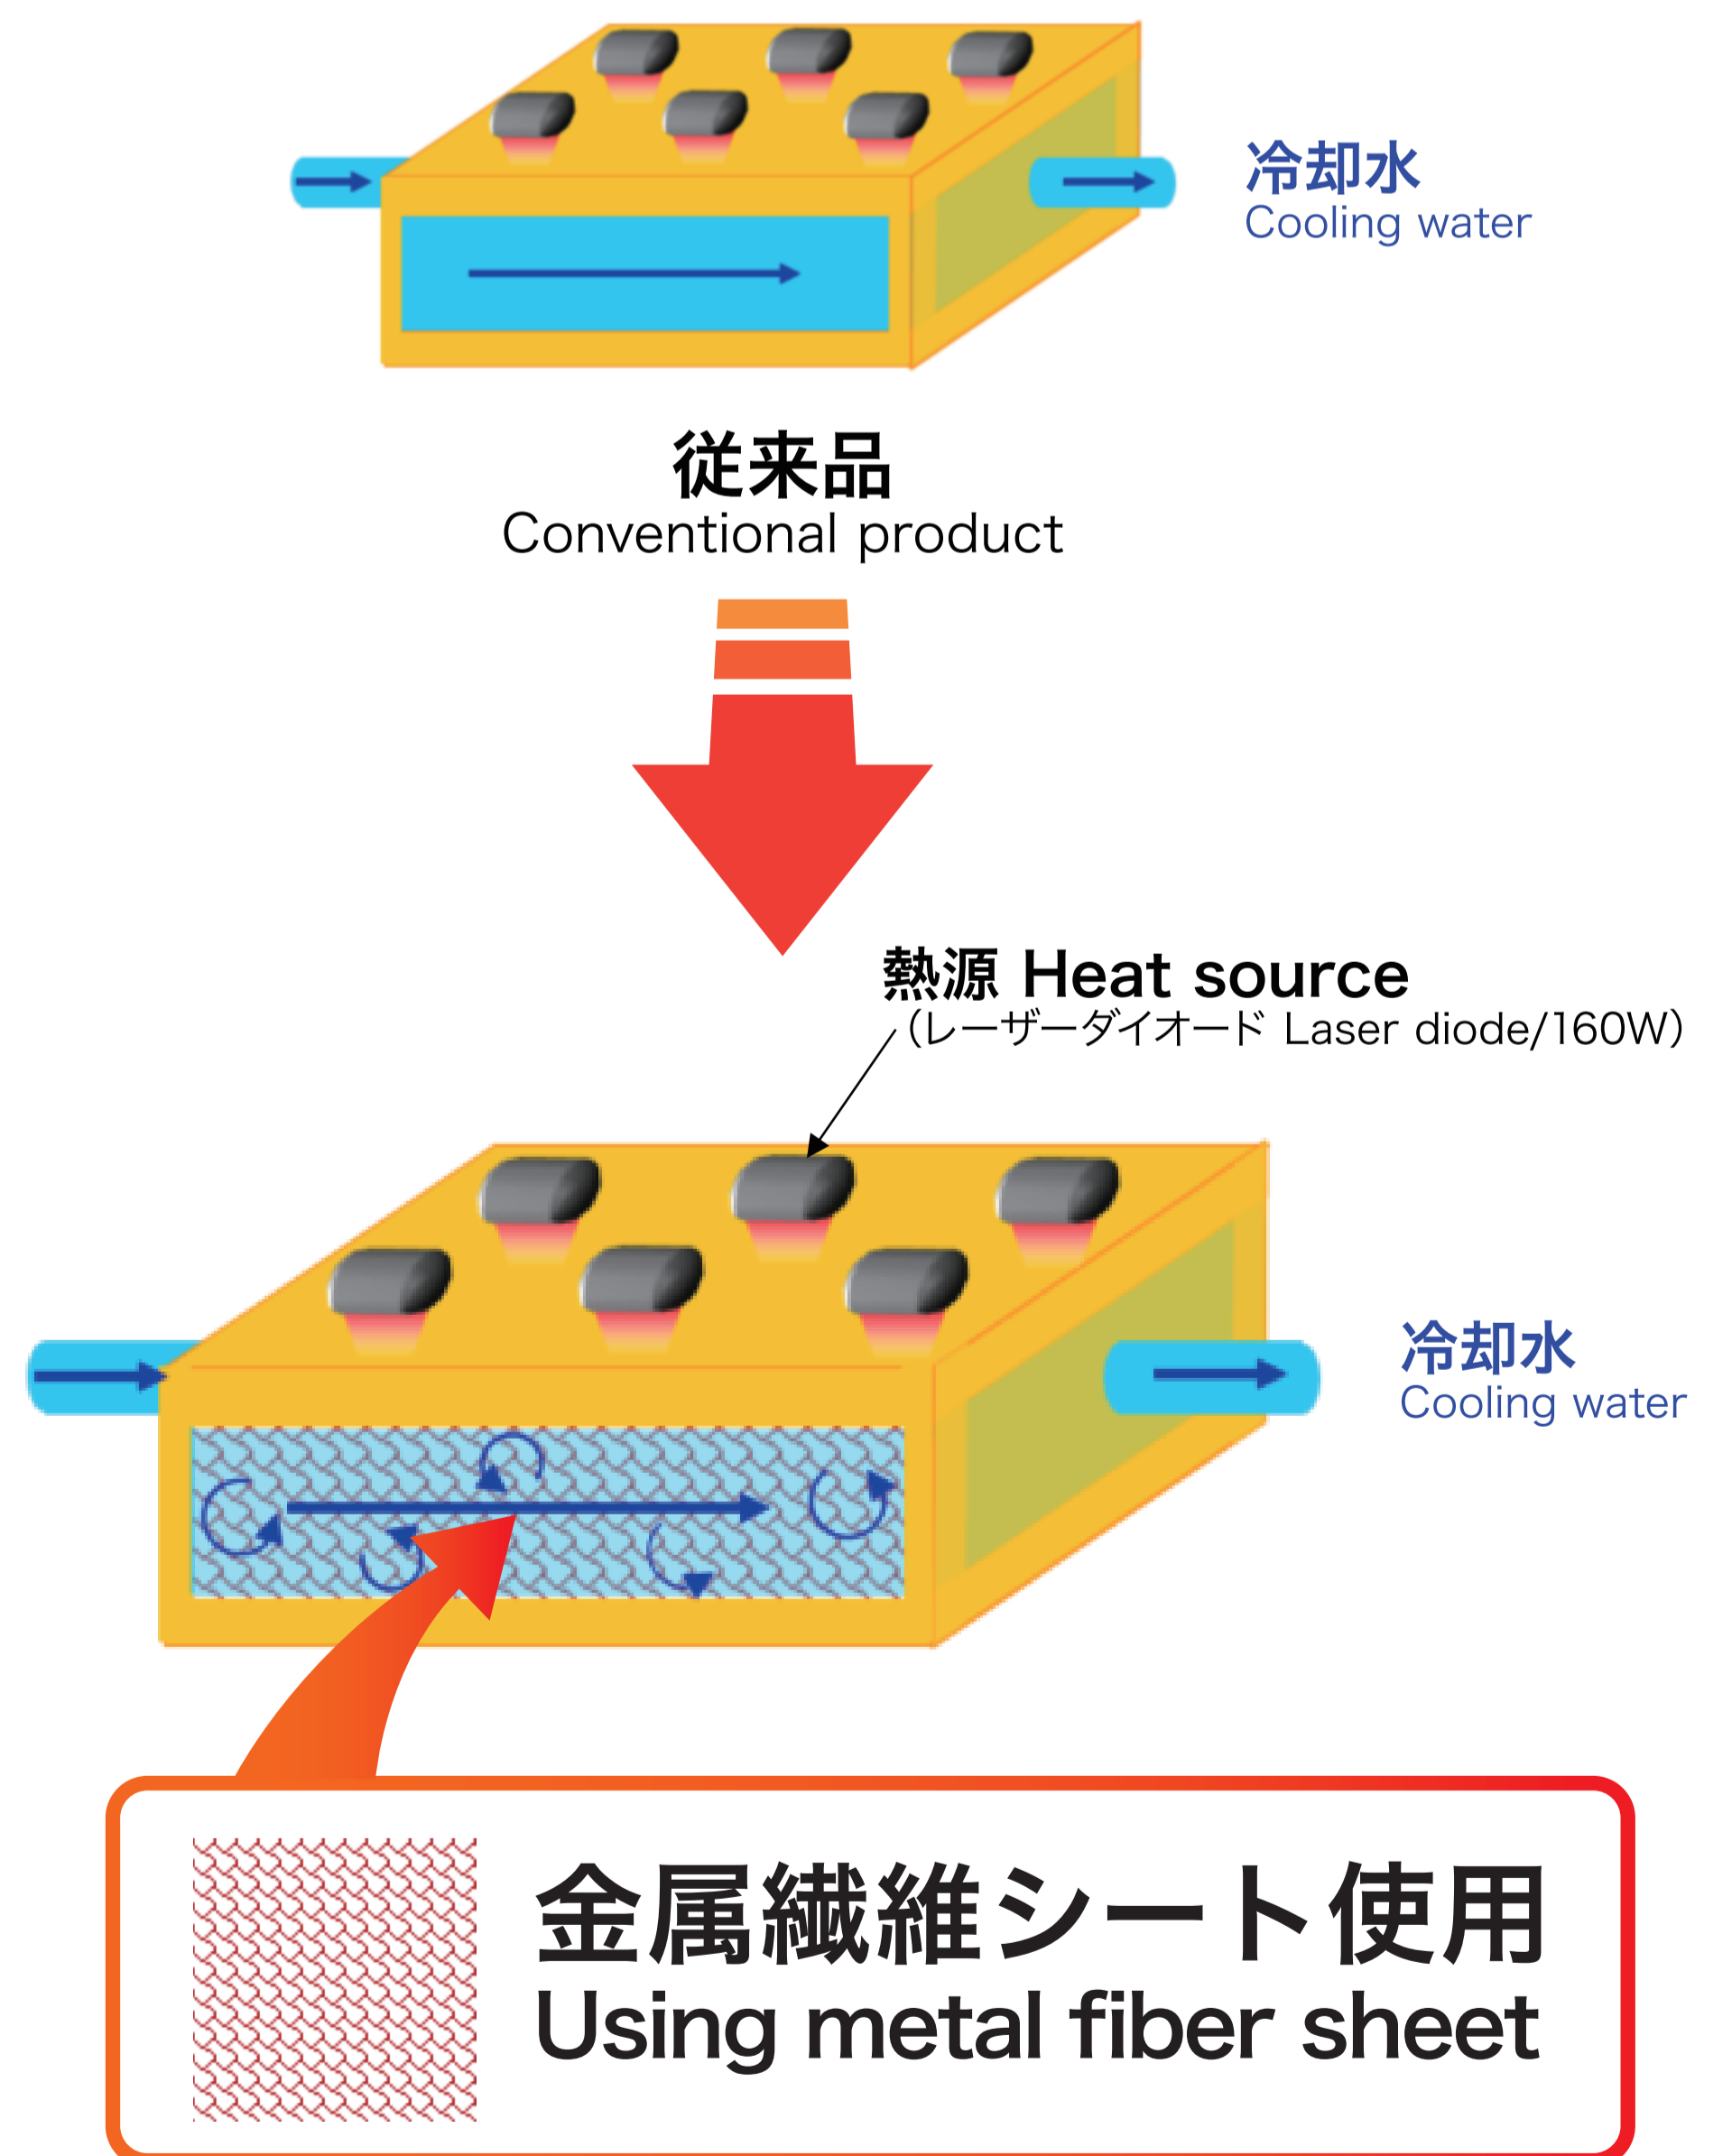

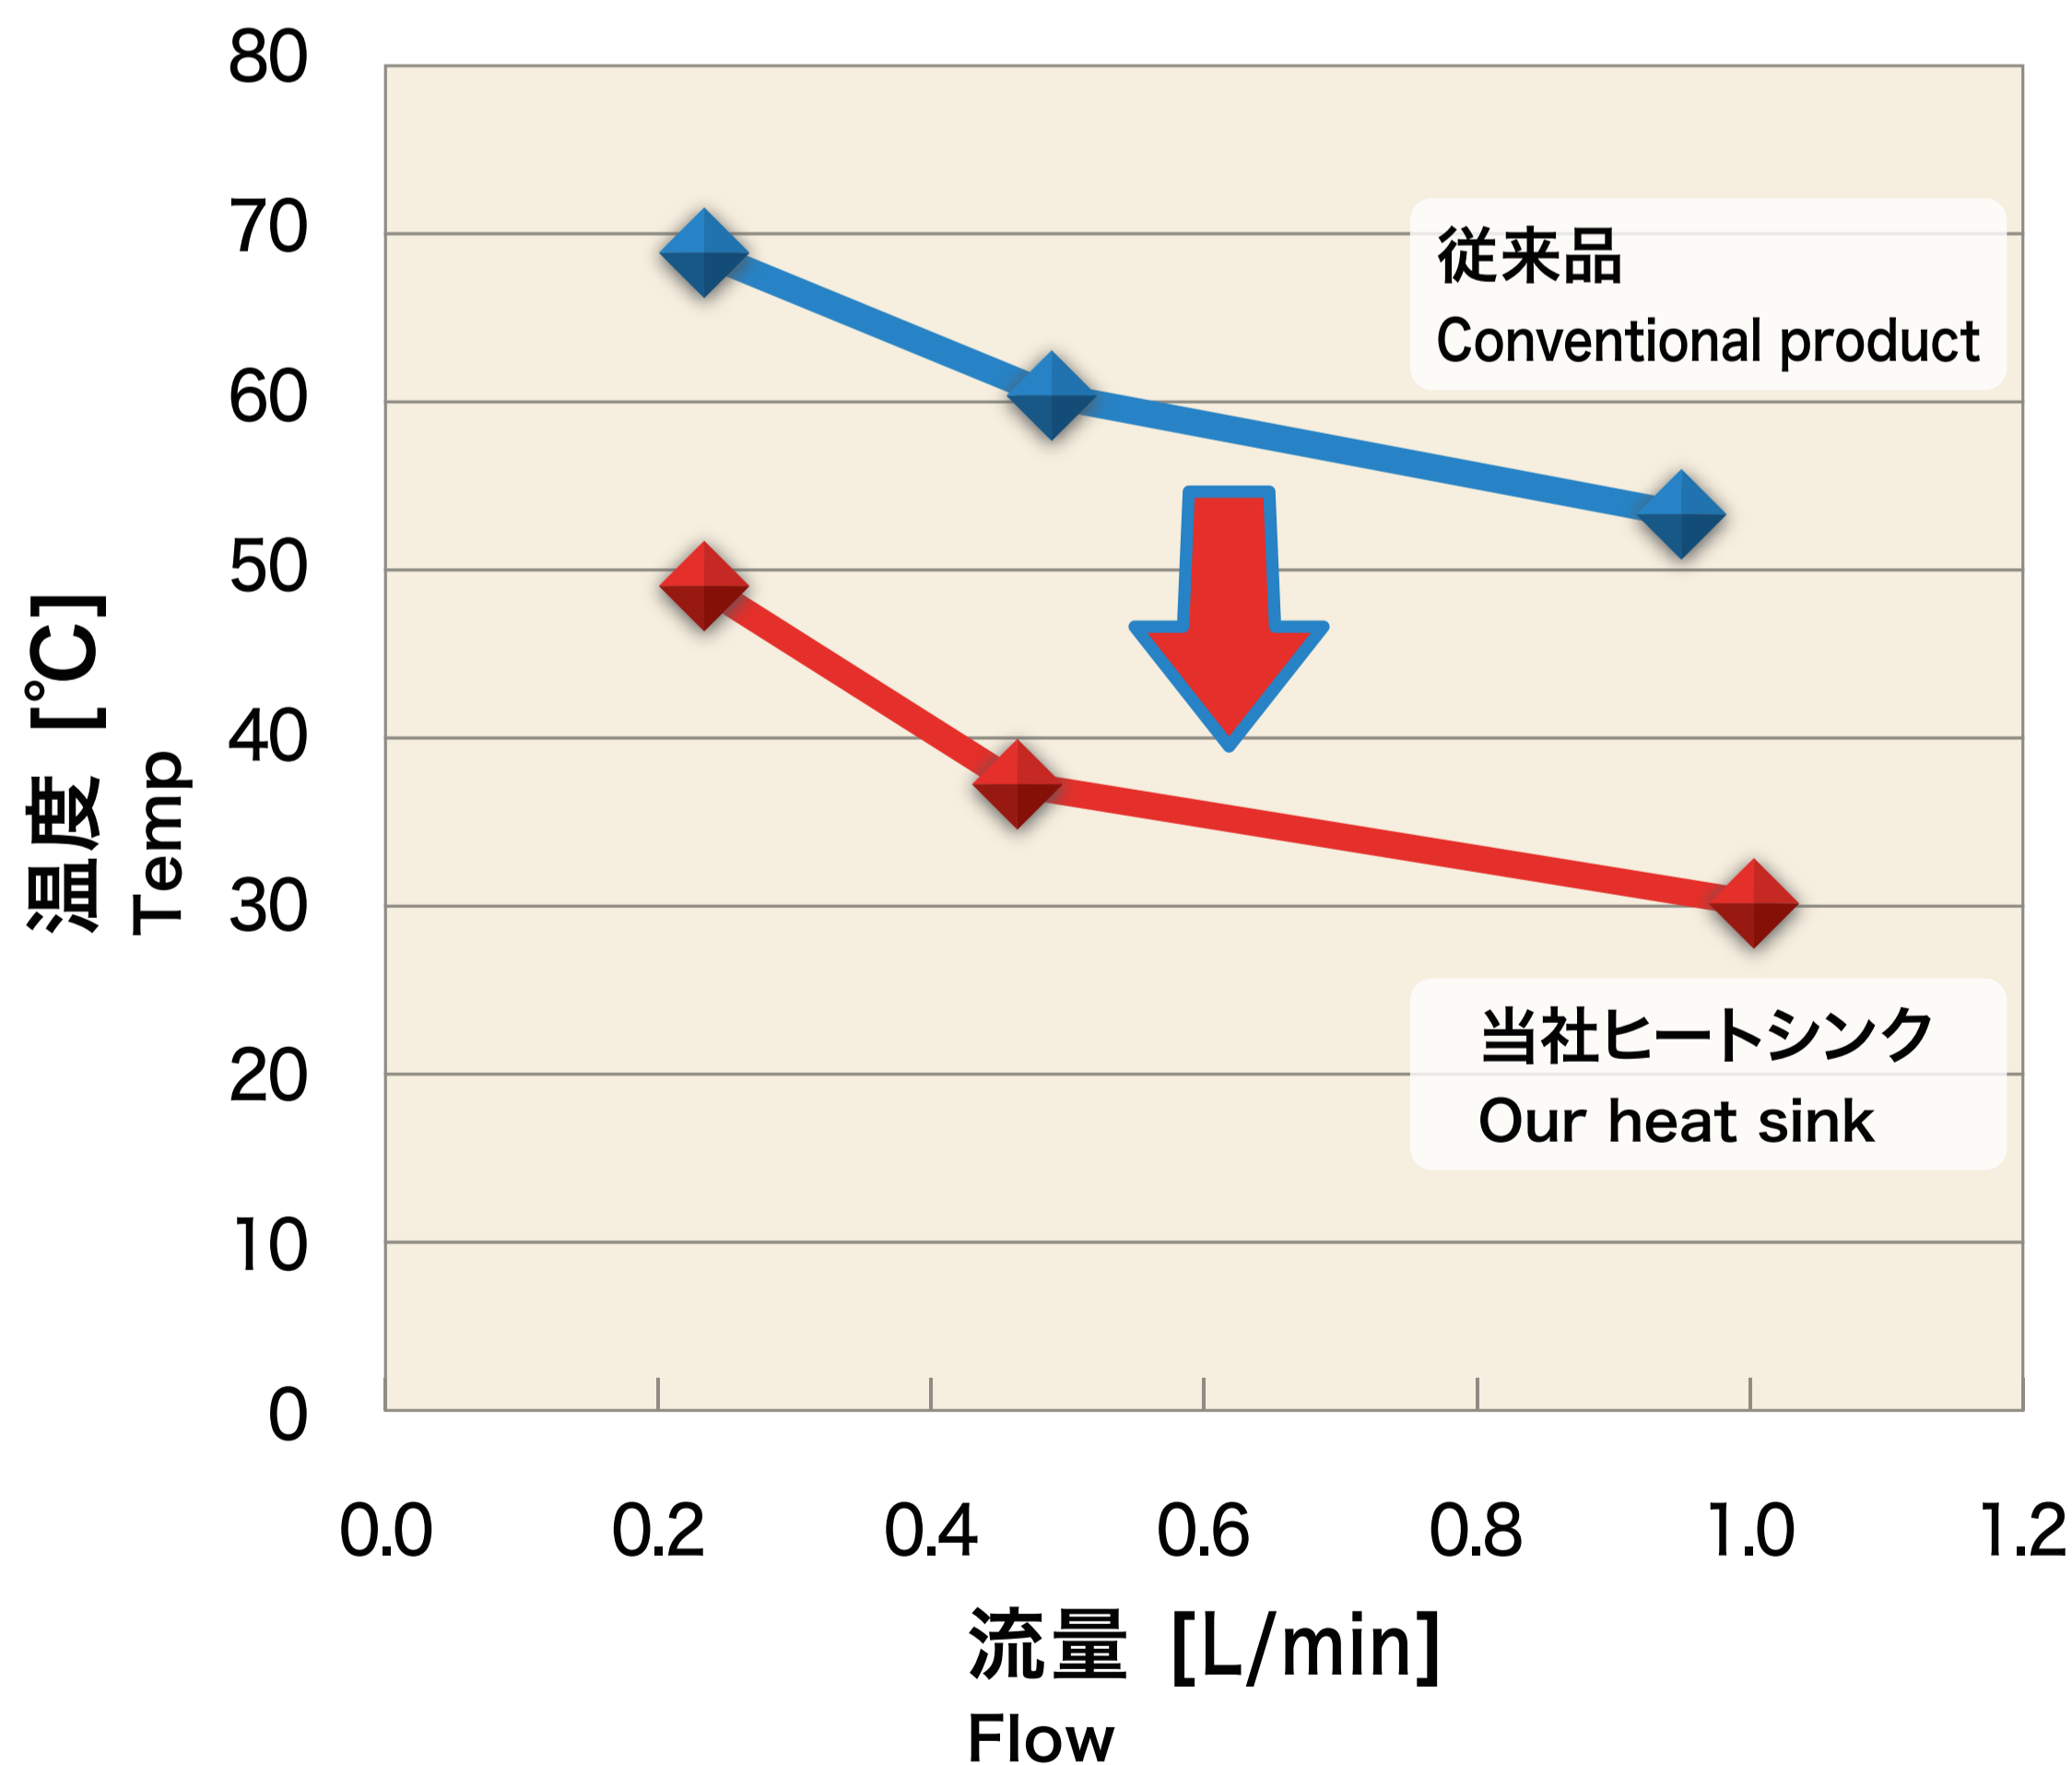

金属繊維シート技術を活かした流路設計

Channel design utilizing metal fiber sheet technology to energy saving

熱源/ヒートシンク接合用のTIMも含めて
カスタマイズ可能

Can be customized including TIM for heat source/heat sink bonding

当社ヒートシンクの特徴 Features of our heat sink

熱伝導接着シートも本展示会に出展中!

Thermal conductive adhesive sheets are also on display!
